on-profit organization established in 2006.

www.thefacesfoundation.org

It's time for the 18th Annual Philip C. Lamka Memorial Golf Outing & Silent Auction. This is our only annual fundraiser to benefit The FACES Foundation (Family and Caregiver Education and Support). Our signature program is The PHIL Award (Pulmonary Health & Illnesses of the Lungs).

FACES was established in March 2006 in memory of my husband, Philip C. Lamka, after he passed away from an interstitial lung disease. Our mission is to acknowledge and promote professional excellence in the education and care of patients with life-threatening pulmonary illnesses. The foundation originally helped me, our family and friends cope with our grief. Over the years, it has grown into a true legacy honoring Phil and is recognized as a national resource for the respiratory community and those it supports.

The PHIL Award® is the only national hospital-based award honoring respiratory therapists, as nominated by patients, family members and other caregivers. Since 2006 over 690 respiratory therapists from 179 hospital, encompassing 226 hospitals in 38 states have been honored. These hospital partners recognize their RTs, the "unsung heroes" and give patients and their family members a voice in their care.

The respiratory therapist is with us from the first breath we take to the last, and all our breathing challenges in between. They are a crucial part of the hospital's front line team helping patients with pulmonary illnesses. You probably know someone whose premature baby had respiratory issues; or someone with Asthma, Blood Clots, Cystic Fibrosis, Lung Cancer, Pneumonia or COPD. Help us help them!

Don't miss this year's event! Your support helps FACES grow current programs, add new ones, and continue to support patients, families and caregivers.

I look forward to seeing you on Saturday, June 1st! If you're unable to join us, please consider making a donation, being an event sponsor, or donating an item for our silent auction.

Please pass this invitation on to anyone that might help us promote professional excellence and the care of patients with life-threatening pulmonary illnesses. Best,

Sharman Lamka
President & Co-Founder
